

Tanker Operator/Middelfart

Uni-Chartering is looking for a dedicated and proactive team member to join the Operations department in Middelfart, Denmark

As Tanker Operator you will be responsible for operating a number of tanker vessels in our fleet including both owned and T/C vessels. You will be the link between all stakeholders ensuring smooth operations as well as maintaining and improving the operational results in a safe and efficient manner.

Other responsibilities will include liaising with internal and external contacts, scheduling of assigned vessels, bunker planning, issuing voyage orders, appointing and instructing agents and vessel crew as well as other parties involved.

Tasks

- Ensure compliance with agreed charter party terms
- Communicate with charterers, brokers, agents and vessels regarding voyage orders and vessel itineraries
- Ensure that the operational systems, processes, procedures and policies are maintained correctly and are up to-date and complete
- Monitor vessel movement and voyage performances
- Provide and uphold a high level of service
- Review vessel stowage and tank cleaning plans.

Skills and experience

- Experience from a similar role in the tanker trade is preferred
- Sound commercial awareness
- Solution-oriented with an eye for details
- Self-motivated and able to work with minimum supervision
- Good oral and written communication skills
- Fluent in English (spoken and written)
- Service-minded team player with good cooperative skills.

Some travelling activity must be expected (10-15 days annually). The Tanker Operator will be working from headquarters in Middelfart.

Uni-Chartering offers a competitive remuneration package.
