

Shipping Trainee/Middelfart

Explore a world of opportunities while learning from the best

Uni-Chartering is looking for a skilled and motivated shipping trainee for the commercial and operational department in Middelfart.

Learning by doing

The traineeship consists of both a hands-on and theoretical part; your days will be busy as well as interesting. You will be part of a strong, international team that will assist, guide and supervise you during the entire trainee period. In our line of business, networking and building relations are essential and you will become an active player on the team from day one.

Qualifications

- You hold a Higher Commercial Examination (HHX/EUX) or Upper Secondary School Leaving Examination and have passed mathematics at B level
- You have strong communication skills – you speak and write English and Danish fluently
- You have an outgoing and curious personality
- You are a dedicated, responsible team player with drive and a great desire to learn.

Uni-Chartering offers

- A well-prepared intensive two-year trainee program with thorough introduction to all aspects of international shipping
- Challenging assignments and the opportunity to train and develop on the job
- A sound working climate with emphasis on teamwork, social interaction and networking
- An international atmosphere with stays at Uni-Chartering's offices abroad during the traineeship.

The traineeship starts in September 2018 and has a duration of two years. You will work at headquarters in Middelfart.

Apply for the job

If you find the trainee position interesting, please apply by sending your application and CV in English along with your transcript of grades to hr@uni-chartering.com.

We will evaluate all applications and invite relevant candidates to interviews during the posting period, so please send your application as soon as possible.

Contact information

If you have questions concerning the position or the recruitment process, please contact Anja Skov Mygind, Executive Assistant, by phone +45 6037 5424 or e-mail amy@uni-chartering.com.

Uni-Chartering was founded in 2008 and is a part of Uni-Tankers Group. The company has 41 modern oil and chemical tankers, and as part of an ambitious growth strategy, more vessels are joining the fleet. With offices in Denmark, Turkey, France and the United States, the company has 43 committed and dedicated employees.

Uni-Tankers Group is a subsidiary of the financially sound group United Shipping & Trading Company Ltd (USTC) with a turnover of some USD 6.8 billion in 2016/2017 and a global workforce of more than 1,570 employees.
